Thank you and best of luck to Niki Dau!

My name is Niki Dau and I am a senior at Barron High School. Next fall, I will be attending the University of Wisconsin – La Crosse and going into the Nuclear Medicine Technology program. Being a Young Ambassador for the City of Barron has given me many opportunities to be involved in my community. Events such as parades, Santa's Workshop, Fall Fest, Music in the Park and monthly Chamber meetings allow me to meet and interact with people throughout the community. This entire experience has put me in the middle of my community to learn and grow as a person. I have been able to see all of the work being put into making our community the best it can be these past two years. I can honestly say that I'm very proud to call myself a Young Ambassador of Barron because I am able to represent the youth of Barron while being able to serve the community in so many ways.
